

**babyhug™**

baby bouncer

#### Warning

- Fall Hazard – It is dangerous to use this reclined bouncer on an elevated surface, since child's movement may cause product to slide or tip over. Use only on floor.
- Suffocation Hazard – Never use it on a soft surface (bed, sofa or cushion), since product can tip over and cause suffocation in soft surface.
- Always use the restraint system.
- Never leave child unattended when in use.
- Never use the toy bar as a handle
- Not recommended for children who can sit up by themselves

#### Caution

- This package contains small parts in its unassembled state. Adult assembly is required.

#### Operation Instructions

- Please read instructions carefully before assembling and using the product.

#### Care

- The pad is machine washable. Wash the pad separately in cold water on the gentle cycle. Babyhug Laundry Detergent is recommended for best results.
- Do not use bleach
- Tumble dry separately on low heat and remove promptly.
- The frame and toy bar can be wiped clean using a mild solution and damp cloth.
- Do not immerse the soothing unit or toy bar.

Tiny Tots Musical Baby Bouncer - 8034T - BGBO001

## Assembly

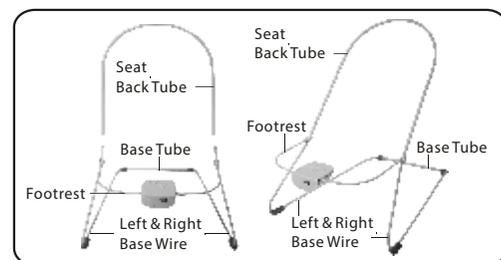

Before assembly and each use, inspect this product for damaged hardware, loose joints, missing parts, or sharp edges. DO NOT use if any parts are missing or broken.

- 1) Place the base tube on a flat surface.
- 2) Position the left and right base wires as shown.
- 3) Fit the left base wire and right base wire into the base tube.
- 4) Position the base so that it faces towards you and insert the right and left wire base into the holes of the base tube.

- 5) Position the footrest so that the soothing unit is upright.
- 6) Fit the footrest on the end of the base wire.

- 7) Position the seat back tube above the base assembly.
- 8) Fit the seat back tube completely onto the base wire.
- 9) Fix the base wire on corresponding side of the seat back tube.
- 10) Repeat the procedure to secure the other side of the seat back tube.

- 11) Pull up the seat back tube, to be sure it is secure. If still you can remove either end of the seat back tube, you have not assembled it correctly.

- 12) Fit the pad upper pocket onto the seat back tube.
- 13) Fit the pad lower pocket onto the footrest.
- 14) Fit the toy bar ends into the sockets.

- 15) Make sure the toy bar latches are secure.

## Set Up and Use

### Securing your child

- If the toy bar is attached, remove it before placing your child on the seat.
- Now place the child on the seat and position the restraint pad between your child's legs.
- Fasten both restraint belts to the buckles on each side of the restraint pad. Make sure you hear "click" on both sides.
- Attach the toy bar, if desired.

### Calming Vibrations

- Make sure your child is properly secured on the seat.
- To turn the vibration on, slide the power switch to "on".
- To turn vibration off, slide the power switch to "off".
- Required one "D" (LR20) alkaline battery (not included) for operation.

### Remove the Toy Bar

- Pull the end of the latches and lift the toy bar.
